In preparation for the Season of Creation in September, some people might like to get to know about what the Catholic Churches teaching is on the Environment- we will provide a few notes in our Newsletter over the next few weeks so that people might come to a greater understanding of how our Church is, in ways ahead of many others on global climate change and the environment. Also there might be a few hints and tips on what we can all do in our own small way to bring about the changes Pope Francis is asking us to make.

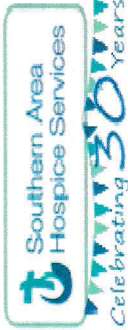

Laudato Si': On Care for Our Common Home is Pope Francis' encyclical on the environment, published on 18th June 2015
